

# THE GLORY OF THE KINGDOM PROPHECY & RENEWAL

## An Historical Synopsis

Paul Wayne Ferris Jr

Let's start this conversation with the punchline: *"if Christ has not been raised, then our preaching is in vain and your faith is in vain.... If in Christ we have hope<sup>[b]</sup> in this life only, we are of all people most to be pitied."* (see 1 Corinthians 15:12-19)

Just as any reader understands the substantive difference between prose that begins "Once upon a time..." and that which begins "In those days there went out a decree from Caesar Augustus..." (Luke 2:1) and continues with "...and Pilate pronounced sentence that their demand [to crucify Jesus] should be granted..." (Luke 23:24) and then reports, "but on the first day of the week, at early dawn [disciples] went to the tomb...and they found the stone rolled away from the tomb, but when they went in they did not find the body of the Lord Jesus." The disciples are asked by two bystanders "Why do you seek the living among the dead? He is not here, but has risen." (see Luke 24:1-12)

So I put it to you that Christianity is rooted in history—not myth. God acts in history and he speaks in history and, as the result of the superintending work of the Spirit of God, the Scriptures record God's self-revelation in real time and concrete socio-geographical settings. So the late G. Ernest Wright, Parkman Professor at Harvard University and Curator of the Semitic Museum, concluded that that of all of the scriptures of the major world religions, the Bible is the only one requiring a grasp of history and geography. (*Westminster Historical Atlas of the Bible*)

We often remind each other that "context is king" when it comes to interpreting text. And for the Judeo-Christian Scriptures we ought to pay attention not just to the literary context but also the socio-historico-geographic context of the text. And what follows here is an attempt to help the Bible-reader get a better grasp of the context of the progress of revelation.

For each administration you will find the length of tenure for the respective kings, followed by the primary data sources, followed by a synopsis of issues and events during that administration. You will find a synopsis of what is happening on the international scene, on the domestic scene, and then on the spiritual scene.

After the breakup of Israel the synopsis is laid out in three columns. The southern kingdom is in the left column. Corresponding persons and events in the northern kingdom are in the right column. And the center column locates the prophets.

I pray these may be of some help in your personal study of the Bible and in your preparation to teach and preach the Scripture.

### An Historical Synopsis

#### Israel

- I. Saul (c.1051-1011)
  - A. Reign: 40 yrs ([1Sam 13:1](#) cp. [Acts 13:21](#))
  - B. Sources:
    - 1. [1Sam 9-31](#)
    - 2. [1Chr 10](#)
    - 3. Wen-Amon papyrus: *ANET* 25-29; *ANE* 1:16-24.
  - C. Issues & Events:
    - 1. [International scene](#):
      - a. Developments in the “superpowers” create a power vacuum in “the land between.”
      - b. Egypt at the end of the 20<sup>th</sup> dynasty (c. 1200-1085) is marked by political impotency. In the space of 20 years Egypt has 8 pharaohs. With the 21<sup>st</sup> dynasty (1085-945), the Third Intermediate Period (1085-656) is ushered in one of the lowest points in Egyptian history to date. The once powerful nation is almost divided in two: Upper (S) & Lower (N) Egypt. Its ability to control extra-territorial lands is reduced to nothing.
      - c. Egyptian sources indicate that by the 8<sup>th</sup> year of Ramses III (c. 1196) the [Philistines effectively control the southern coastal plain](#) (*ANET* 262-3) where they establish their pentapolis of Gaza, Ashkelon, Ashdod, Ekron & Gath. (“Philistine” refers to several peoples who appear along the Levant in the early 14<sup>th</sup> cent. & whose migration had reached critical mass by c. 1200.) Philistines are the dominant culture in the S. Levant. Apparently fluent in local language, Philistine culture is sophisticated & eclectic, expert in ironworks, with a well-organized & well-equipped army. Judge Shamgar ([Jdg 3:31](#)) battles them. The Samson narrative ([Jdg 13-14](#)) indicates that by c. 1070 the Philistines enjoy significant control over the Israeli tribes. Names of three of the Philistine’s gods are known: Dagon, Ashtoreth, Baal-zebul (-zebul).
      - d. With the assassination of legendary Tukulti-Ninurta I (c. 1208) Assyria declines for about a cent. Around 1000 she begins to reassert herself but finds herself preoccupied with the Arameans, her neighbor to the West. From c. 1075-935 the Arameans blunt Assyria’s extra-territorial influence.
      - e. Further to the south, Babylonia is still in decline.
      - f. Under the international circumstances the people of Ammon in Transjordan are also flexing their muscles & seeking to free themselves of Israeli presence in Transjordan.
    - 2. [Domestic scene](#):
      - a. Politically, the tribes are loosely connected & somewhat demoralized due to years of skirmishes with neighboring peoples. Although various judges were instrumental in providing some relief to one region or another, the pressure is not letting up, but seems to be increasing under the Philistines who have controlled the region for some 40 years now. What independence the Israelis may have enjoyed is limited to the mountains of S. Ephraim & Judah on the West Bank & Gilead & Ammon in Transjordan. This protracted pressure gives rise to the Israelis’ feeling a need for a more permanent judge who would be called king.
      - b. Saul of Benjamin, one of the smallest tribes, is anointed “ruler over the LORD’s inheritance” & empowered by the Spirit of God as a prophet. ([1Sam. 10:1-13](#))
      - c. The reluctant new king gets mixed reaction from the people. ([1Sam 10:17-27](#))
      - d. Saul’s response to Ammonite threats proves effective. [Wars with Philistines](#) continue throughout Saul’s reign. He

- is an effective military leader most of his reign.
- e. [Territory of the new kingship is effectively limited](#) to the highlands between Mt. Gilboa in the N to Benjamin in the S & a stretch of land on the Dome of Gilead in Transjordan (from the N end of the Dead Sea to just S of the Jabesh (Yavesh) River).
- f. David's popularity creates problem for Saul. David's marriage to Saul's daughter, Michal, results in more discomfort for the king. Saul gives evidence of emotional instability.
- 3. Spiritual scene.
  - a. Nominality & externalism characterize religious life of some, if the son's of Eli give any indication. Spiritual values are repudiated for personal gain. Spiritual & moral authority are abused for personal gratification including immoral sexual behavior. Complaints against such behavior may indicate a sensitivity against such perversions. However, Eli's response seems to imply that it was not out of moral outrage so much as that social equilibrium had been upset. Note that even Samuel's sons are corrupt judges.
  - b. Superstition is one characteristic of Israeli popular religion as evidenced by its use of the Ark of the Covenant as a magic charm.
  - c. Syncretism is evidenced in Saul's resorting to the occult, etc.
  - d. Righteous remnant is indicated by the likes of Elkanah, Hannah & Samuel, Jesse & David.

## II. Ishbosheth/Eshbaal (c. 1011-1009? Or 1006-1004? )

- A. Reign 2 yrs
- B. Sources: [2Sam 2-4](#)
- C. Issues & Events
  - 1. International scene: much the same as above.
  - 2. [Domestic scene](#):
    - a. Political & social chaos. Abner, Saul's cousin & "Chief of Staff" & "General of the Army" is major power figure. At his initiative, Saul's son Ishbosheth is crowned as Saul's successor. [The capital is moved to Mahanaim, Gilead.](#)
    - b. There is civil war between the House of Saul & the House of David. The Saulite party continues to lose influence. David grows in popularity. Abner is confronted about moral failure & his insult to royal house which he arrogantly excuses & in anger defects to David, arranging to bring David's estranged bride Michal with him.
    - c. In the instability following Abner's murder, Ishbosheth is assassinated by two of his military commanders.
  - 3. Spiritual scene: much the same as under Saul's leadership.

## III. David (c. 1011-971)

- A. Reign
  - 1. 7 ½ yrs over Judah
  - 2. 33 yrs over United Israel
- B. Sources
  - 1. [1Sam 16-30](#)
  - 2. [2Sam 1-24](#)
  - 3. [1Kgs 1-2](#)
  - 4. [1Chr 11-29](#)
  - 5. [Psalms 3-9, 11-32, 34-39, 41, 51-65, 68-70, 86, 101, 103, 108, 110, 122, 124, 131, 133, 138-145 \(esp. 3, 7, 18, 34, 51, 52, 54, 56, 57, 59, 60, 63, 142\)](#)
  - 6. Posthumous notice in [Mesha Stela](#) (*Moab*), c. 840-820: *ANET* 320-321; *ANE* 1:209-210 cp. *BAR* 20.3 (1994):30-37; [Aramaic stela](#) (*Dan, Israel*), *IEJ* 43 (1993):81-98.
- C. Issues & Events:
  - 1. [International scene](#):
    - a. Conditions in Egypt & Mesopotamia basically same as above.
    - b. Defeat of Ramses III makes Philistia heir of Egyptian presence in the S. Levant.
    - c. Philistines may have regarded David as merely a vassal to Achish of Gath while David's capital was at Hebron. But a unified Israel is a threat to Philistia. So they mounted a pre-emptive strike against David at the Rephaim Valley just S. of Jerusalem ([2 Sam 23:13-17](#)). David proves victorious.
    - d. David captures the "stronghold of Zion" from Jebusites. ([2 Sam 5:7](#)) Once established at Jerusalem, David turns his attention to securing the area.

- e. Ammonites are subdued, David assumes the crown of Ammon making it a vassal state ([2 Sam 10:1-11:1](#); [12:26.31](#); [1 Chron 19:20:3](#))
  - f. Arameans allied with Ammon were soundly defeated at battle of Helam. Hadadezer (Beth Rehob in Bekaa Valley) & vassal states brought under rule of David. ([2 Sam 10:17](#); [1 Chr 19:16-19](#))
  - g. Moab, homeland of David's grandmother & place of security for the parents of fugitive David, is made a vassal state apparently because of its geography. It was "in the way" during the Ammonite war.
  - h. Edom is brought under Israeli control & David establishes garrisons throughout the area. ([2 Sam 8:14](#))
  - i. Thus David gains total control of "the King's Highway" securing for Israel the economic & military advantages it affords.
2. Domestic scene
- a. David born in Bethlehem to a family of Ephrath.
  - b. Early connections with royal court include serving Saul with music therapy when he suffered from an "evil spirit," in which connection he was named an "armor-bearer." David develops a close friendship with Prince Jonathan. David marries Princess Michal, becoming a royal son-in-law.
  - c. Saul is informed his reign is terminal & David is anointed to be king. However, Saul will continue on the throne for a considerable time, setting stage for great tension.
  - d. [While a fugitive](#), David builds an organization & establishes a reputation in the S. both with Judeans & surrounding peoples.
  - e. At Saul's death political tension is great. David is crowned at Hebron, King of Judah. [Ishbosheth \(of Benjamin\)](#), [Saul's son enthroned at Mahanaim](#) (*Gad*) & civil war ensues.
  - f. David's first royal act is to build bridges with the N by commending Jabesh-gilead for caring for the body of king Saul. (Later David takes in Saul's handicapped grandson, Mephibosheth.) Nevertheless, tensions between N & S are high. Civil war rages. Abner defects to David but Joab, David's General of the Army, distrusting Abner, kills him.
  - g. Ishbosheth's assassination opens way for David to make overtures to the N. David executes justice on Ishbosheth's behalf & in deference to kingship. In result, the tribes of Israel come to Hebron to recognize David as king.
  - h. [David captures the city of Jebus, making it a "city of David"](#) as opposed to a city belonging to one of the tribes. Jebus/Jerusalem provides a politically neutral site for a capital, & more centrally located than Hebron.
  - i. David engages master builders from Phoenicia, N on the Levant, to build a palace.
  - j. David engages foreigners to serve as the Royal Secret Service.
  - k. Sophisticated central government takes shape. Royal cabinet includes equivalent of Minister of Defense, Minister of State, Minister of Religious Affairs, Minister of Security, Minister of Labor, Minister of Finance.
  - l. Jerusalem becomes spiritual as well as political capital. Accordingly, the Ark of Covenant is brought to Jerusalem where he hopes to build a Temple on a site he purchased adjacent to the royal compound.
  - m. Begins to modernize army by building chariotry forces.
  - n. [Territorial expansion](#) begins to approximate the description of [Gen. 15:18](#); [Deut 1:7-8](#).
  - o. Sin & tragedy afflict the family. Son Absalom kills the crown prince & flees to Galilee. Father & son do not speak for 5 yrs. After returning to Jerusalem, Absalom prepares for a coup d'état. David, surprised, tearfully flees to the Judean wilderness & on to Ishbosheth's old capital at Mahanaim. After the usurper dies in a freak accident, David receives a less than enthusiastic homecoming. In David's last years he suffered another son's (Adonijah) efforts to usurp the throne.
  - p. David declines & Solomon is named vice- or co-regent & so served for perhaps last two years of David's life & reign. ([2 Chr 23:1](#) cp. [29:22b](#))
3. Spiritual scene
- a. This seems to be a period of spiritual renewal. The leader sets the pace as a man "after God's heart" ([1Sam 13.14](#); [Acts 13.22](#)), although he proves to be no "plaster saint." The Chronicler declares that David administered justice & righteousness for all his people. The Psalter gives many examples of spiritual expression of the time. There is a sensitivity toward a personal relationship with the Living God.
  - b. On the other hand, there is ample evidence of spiritual struggle (lust, jealousy, anger, bitterness, hatred, backbiting...) & defeat.

#### IV. Solomon (c. 971-931)

- A. Reign
  - 1. 40 yrs
- B. Sources
  - 1. [1Kgs 1-11](#)
  - 2. [2Chr 1-9](#)
  - 3. [Psalm 72, 127](#)
  - 4. [Proverbs 1:1-7; 10:1-22:16; 25:1-29:27](#)
- C. Issues & Events
  - 1. [International scene](#):
    - a. Conditions in Egypt & Mesopotamia basically same as above. In this power-vacuum, Israel has opportunity to flourish in peace.
    - b. Solomon's reputation positively positions Israel in perceptions of other nations.
    - c. Solomon exploits the benefits of the King's Highway, developing new international trade to the S.
    - d. Toward the end of Solomon's reign, Edom (under returned exile, Hadad) & Aram (under Rezon of Damascus) begin to test Israel. Damascus becomes an independent state. The narrative indicates this is in result of Solomon's apostasy.
  - 2. [Domestic scene](#)
    - a. Solomon made co-regent in David's last years. ([1 Chr 23:1](#))
    - b. Solomon's ascension to throne threatened by older brother Adonijah's attempt at a quiet coup d'état. David responds by formally installing Solomon a second time. ([1Chr 29:22b](#))
    - c. [Establishes political districts distinct from tribal boundaries](#). ([1Kgs 4:7-9](#))
    - d. Refines taxation & revenue collection.
    - e. Continues corvée in support of public works. Jerusalem & Judah appear to be exempt since they are not included in the list of tax districts.
    - f. [Construction of the Temple](#) given primacy in narrative. ([1Kgs 5-8](#); [2Chr 2-7](#))
    - g. Engages in ambitious public works program which advanced infrastructure. ([1Kgs 9:10-21](#))
    - h. [Economy strengthened by expanding markets supported by merchant marine & road system. Establishes sea port at Ezion-Geber](#) (prob. Jezirat Faraun-- remains of casemate walls, nine towers, dolphin-shaped moorings). ([1Kgs 9:26-28](#))
    - i. [Security strengthened](#)
      - (1) by strategic alliances, sealed by means of marriage.
      - (2) by modernizing military by means of chariotry.
      - (3) [by strategic fortifications, e.g., Hazor, Megiddo, Gezer, Beth-Horon.](#)
    - j. Capital city becomes more cosmopolitan.
    - k. Solomon's extraordinary wealth should be seen in light of Pharaoh Osorkon's (c. 914-874) donation of 383 tons of gold to the Bubastis temple (likely included gold taken from Jerusalem by his predecessor, Shishak I. See below.) & of Alexander the Great's spoils from Persia (7,000 tons of gold).
    - l. Prophet Ahijah informs cabinet member, Jeroboam ben Nebat, that because of Solomon's apostasy he will become king of 10 tribes. He takes matters into his own hands & mounts an unsuccessful coup resulting in his own exile in Egypt. ([1Kgs 11:26-43](#))
    - m. political & economic deterioration may be indicated by the forced ceding of 20 cities in Galilee to Phoenician King Hiram.
  - 3. Spiritual scene:
    - a. At the outset there seems to be a high degree of spiritual vitality ([2 Chr 29:9-19](#)). Early on, worship is decentralized. The Ark & accoutrements are kept in Gibeon by Obed-edom. Building a house for God's name is top priority. This will facilitate centralization of the cultus in accordance with Deut. 12. This may be when more of the nation express conviction of the monotheism of Yahweh & evidence a faith relationship with and loyalty to Yahweh. ([1Kgs 3:1-15](#); [6:1-38](#); [8:12-66](#); [9:1-9](#); cp. parallels in Chronicles; [Psa. 132](#); [136](#))
    - b. On the other hand, spiritual drift sets in before long. Solomon sets the pace (negatively) by sanctioning polytheism. Apostasy begins to take root at highest level. ([1Kgs 11](#)) Solomon builds *bamoth* on the Mt. of Olives for his foreign wives. Syncretism becomes issue. The gods Ashtoreth of Sidon, Molech of Ammon, Chemosh of Moab, etc. are worshipped along with Yahweh ([1Kgs 11:1-11](#), 33)

## Judah

2. [2Chr 10-12](#)
3. [Shishak inscriptions](#), (*Karnak, Amon Temple*): ANET 263-4; ANE 1:187

C. Issues & Events:

1. International scene:

- a. Egypt exploits the power vacuum along the International Coastal Highway & invades Judah to secure a claim on the international trade route.
- b. Responding to Egyptian threats, [Rehoboam builds series of 15 fortresses to the W., S., & E., to defend the heartland](#). In 926, Rehoboam's 5<sup>th</sup> year, [Shishak \(dyn. XXII\) takes the Negev & Coastal Plain & then moves on Jerusalem via Ascent of Beth-Horon](#). Jerusalem is spared when Rehoboam strips the Temple & palace to pay sizeable tribute to Shishak.
- c. Moab & Ammon gain their independence as a result of the civil war in Israel & re-take control of the King's Highway.

2. Domestic scene:

- a. To maintain tribal unity & allegiance to Davidic dynasty. Rehoboam stages coronation in Shechem, associated with key events under Joshua, to secure Northern allegiance.
- b. To maintain economic stability in face of extreme economic tensions, Rehoboam ignores popular demands for tax relief & against professional advice increases tax burden. Civil war ensues, led by exiled former Solomon cabinet member, Jeroboam ben Nebat, & northern tribes secede from union.
- c. Benjamin is incorporated into the S. kingdom & acts as a buffer on Judah's N frontier.
- d. An indication of an enduring hope of reunification, Rehoboam's extensive fortification project (see above) included none to the N. even though there was constant conflict with the N.
- e. [Judah's topography](#) rendered it relatively more isolated from the outside world. **Illus.**

3. Spiritual scene. Syncretism is fairly well entrenched due to Solomon's following the normal foreign policy of sealing international alliances by marriage (1Kgs 11:1-6), accommodating pagan religious observance, &

C. Issues & Events:

1. International scene.

- a. Israeli civil war allows Moab & Ammon to gain their independence & control the King's Highway.
- b. Egypt, taking advantage of the power vacuum along the International Coastal Highway [invades Israel](#), [listing Gibeon, Beth-horon, Ajjalon, Taanach, Shunem, Beth-shean, Rehob & Mahanaim](#). The invasion implies Jeroboam did not accrue much "diplomatic capital" in Egypt.

2. [Domestic Scene](#): basically unstable.

- a. Jeroboam returns from exile confident in leading 10 tribes to secede. He fortifies Shechem & Penuel. [He also builds a royal residence at Tirzah, at the head of the wadi Fari'a](#), a more secure position vis-a-vis the threat from Judah as well as Egypt.
- b. He is crowned by the N. tribes at Shechem which becomes his first capital.
- c. To avoid losing subjects to the South for religious reasons, [Jeroboam erects sanctuaries complete with "golden calves" near the S. border at Bethel & at Dan in the N.](#)
- d. Protracted civil war follows. Jeroboam is finally defeated by Abijah of Judah during battle for the strategic northern approaches to the central Benjamin plateau (2Chr 13:19-20).
- e. Israel's geographical situation rendered it more open to economic & social interaction with the outside world.

3. Spiritual scene.

- a. Rejection of political Jerusalem was accompanied by rejection of Zion theology as constituted in Jerusalem
- b. The establishment in Dan & Bethel of pagan sanctuaries as alternatives to the Jerusalem temple is labeled "the sin of Jeroboam" by which "he made Israel to sin." This is identified as the root of Israel's eventual downfall.

his religious practice of sacrificing at the high places (1Kgs 3:3).

W. & S. frontiers need securing under threat from the armies of Egypt's Osorkon I (914-874) at the hand of his General Zerah of Ethiopia whom Asa soundly defeats in 897 (35<sup>th</sup> yr since division in 931 (per Theile)). This apparently ends Egypt's imperialistic ambitions for a couple centuries.
    - b. N. border still in dispute -- constant skirmishes. Baasha secures Ramah to prevent his citizens access to Asa & Jerusalem. [Asa, in spiritual lapse, pays off Aram \(Ben-hadad\) to break its treaty with Israel & enter into treaty with Judah thereby introducing military threat to Israel's N. frontier.](#) With the N's attention diverted, [Asa razes Baasha's fortifications at Ramah & uses the material to fortify Mizpeh & Geba. This becomes established as the traditional N/S border.](#)
  - 2. Spiritual scene:
    - a. Syncretism, apostasy & idolatry are rampant.
    - b. Asa initiates major reform by calling nation to repent & by removing idols, high places & altars & deporting the male hierodules resulting in the **FIRST REVIVAL**.
    - c. Peace & theological purity do not necessarily indicate spiritual vitality.
    - d. With idolatry & syncretism subdued & the nation at peace, Asa yields to the temptation to trust his own ingenuity & resources in lieu of trusting God. Even in the face of severe chastisement, Asa fails to correct his

  - 3. Spiritual scene: Baasha follows in Jeroboam's footsteps.

IV. Elah ben Baasha (c.886-885) (-)

V. Zimri (c.885) (-)

- B. Sources: [1Kgs 16:15-20](#)
- C. Issues & Events:
  - 1. Zimri massacres the entire household of Baasha, undoubtedly to remove the possibility of challenge from any royal pretender to the throne.
  - 2. Zimri does not have the army solidly behind him. In the aftermath of the coup, Omri rises to commander of the army. He lifts the siege of

misdirected or out-of-focus faith & dies a horrible death.

  - a. Yahweh worship is considered boring
  - b. Syncretism & utter apostasy. Expecting severe defeat, Ahaz openly accepts the gods of the Aramean pantheon along side Yahweh.
  - c. Temple closed, Ahaz builds numerous altars to the Assyrian gods throughout Jerusalem. He offers sacrifices in the valley of ben-Hinnom & including his own children. "He sacrifices & burns incense on the high places, on the hills, & under every green tree."

[the siege to closure, destroying Samaria & carrying the peasantry away, resettling the land with people from elsewhere.](#)

## DESTRUCTION OF ISRAEL

- 5. [Sennacherib annals](#) (*Nineveh, Assyria*): ANET 287-288; ANE 1:199-201

C. Issues & Events:

- 1. International scene.
  - a. The political situation in Mesopotamia is somewhat unsettled. [Israel is now an Assyrian province.](#) Assyria is concerned to consolidate its control of the international coastal highway. However, revolt in Babylonia under Merodach-Baladan & in Urartu preoccupies Assyria.
  - b. Egypt, now a second-rate power, uses this occasion to encourage the smaller Levantine states to revolt in 713. Isaiah advises Hezekiah against joining in & as a result, Judah is spared when, in 711, Sargon marches South to suppress the rebellion.
  - c. Later, however, after Sargon's death, [Hezekiah does form an alliance with Egypt](#) & proceeds to [fortify the Judean mountains & secure Jerusalem's water supply](#) while also expanding into the coastal plain & the Negev.
  - d. Eventually Sennacherib [suppresses the Babylonian rebels & with things stabilized in the E., turns toward Egypt. En route, he dispatches a contingent with Rabshakeh to demand Jerusalem's surrender.](#) Hezekiah refuses & the Angel of the Lord strikes the Assyrian army forcing it to withdraw.
- 2. Domestic scene
  - a. One significant side effect of the revival is its impact on national security. The rejection of Assyrian religion is tantamount to political rebellion in Assyrian eyes.

- b. The formal dissolution of the alliance is the last straw. [Sennacherib, Sargon's successor, besieges Jerusalem & writes that he has Hezekiah shut up "like a bird in a cage."](#) Hezekiah resorts to stripping both the Temple as well as the palace to gather sufficient tribute to satisfy Sennacherib. It is probably about this time that Hezekiah is told he is terminally ill by Isaiah (38), but is granted 15 years in answer to prayer & is assured that Yahweh will deliver Judah from Assyria.
- 3. Spiritual scene.
  - a. The temple in Jerusalem had been closed by Ahaz & is in disrepair. Pagan practices are rampant.
  - b. Conservative Hezekiah removes the high places & destroys the sacred pillars & the Asherah. He even destroys Moses' brazen serpent which had been turned into a cult object. Thus Hezekiah leads the **THIRD REVIVAL** in Judah.
  - c. Alliances with pagan nations were normally a statement of non-reliance upon Yahweh. Therefore as a result of the Revival, Hezekiah ultimately leads Judah to rescind its alliance arrangement with Assyria when Sargon dies.

C. Issues & Events:

1. International scene
  - a. Saite Renaissance in Egypt (664-525) marks end of Assyrian rule & return to unified kingship (N & S) in Egypt. Egypt engages mercenary armies & fleets manned by Greek & Aegean peoples
  - b. Manasseh vassal to Ashurbanipal by 667.
  - c. Manasseh feels the [wrath of Assyria who apparently suspects him of complicity in the rebellions plaguing the empire. He is humiliated & bound with nose hook & chains & dragged off to Babylon c. 648.](#)
2. Domestic scene
  - a. Extreme violence results in "very much innocent blood" being spilt.
3. Spiritual scene
  - a. Manasseh reintroduces & openly supports paganism & occult practices, thus leading his nation into a period of deep moral, ethical & social decadence worse than what was seen among the surrounding pagan nations.
  - b. He builds pagan altars & sets up an Asherah in the Temple. Makes sons pass through fire in the ben-Hinnom valley.
  - c. He is heavily involved in occult practices
  - d. People refuse to hear from God.
  - e. Apostasy & vile wickedness apparently becomes so indelibly a part of the people's values during this period that the judgment of Judah is certified (2Kgs 21:10ff).
  - f. After having experienced God's chastisement in Babylon, Manasseh seems to have repented. He removes the foreign gods & altars. He reinstitutes worship of Yahweh & orders Judah to serve Yahweh. The effects of syncretism made it possible for them to think they were worshiping Yahweh as they continued to sacrifice in the high places.

C. Issues & Events:

1. International scene:

- a. The Assyrian Empire is in decline. The Empire was built & maintained on sheer military might & terror. Expansion seemed easy for her. Assimilation never took place. Overextended, her influence & intervention basically had to be withdrawn from the outlying territories.
- b. The Scythians ransack the NW territories.
- c. [The Babylonians are "regrouping" & laying the foundation for the Neo-Babylonian Empire which is eventually established by Nabopolassar as he successfully leads their revolt against the Assyrians in 625/6.](#)
- d. To the NE, Cyaxerxes becomes king of the Medes.
- e. Arab tribes exploit the developing power vacuum & ransack nations along the King's Highway from Edom to Zobah (Isa 15-16; Jer 48:1-49).
- f. In [612, a Babylonian/Median alliance sacks the Assyrian capital.](#)
- g. Preferring a weakened & preoccupied Assyrian overlord to the up-and-coming Babylonians, Pharaoh Neco II (609-594) mounts a military expedition in 609 to aid Assyria. Josiah understands that a victorious Assyro-Egyptian alliance would create a new & uncomfortable political reality for Judah & [attempts to stop the Egyptians at the Megiddo pass](#) in the process of which Josiah is mortally wounded.

JEREMIAH  
c. 627-577

Huldah  
c.622

2. Domestic scene.

- a. The motivation behind the execution of the assassins of Amon is unclear.
- b. At 8 yrs of age, Josiah undoubtedly has his "handlers." Not much is known about them. From the outcome, however, it appears that they were reformers.
- c. Josiah takes advantage of Assyrian weakness & [reclaims Assyrian provinces of Samaria, Megiddo \(Jezreel & Galilee\) & N. Philistia, thus giving him significant economic advantage of ports & that section of the International Coastal Highway through the Sharon plain & the Jezreel valley.](#)
- d. Ultimately, [Josiah reasserts the claim of the Davidic throne on territories in the N. & Gilead in Transjordan.](#)

3. Spiritual scene.

- a. At 16 Josiah develops a spiritual sensitivity & begins to seek the LORD.
- b. By age 20 he initiates a nation-wide purge of paganism & syncretism.
- c. At age 26 (his 18th yr) he initiates an effort to restore (prob. reopen) the Temple. In this process, Hilkiah the high priest discovers the book of the Law of Moses.
- d. Exposure to the book of the Law adds tremendous momentum to the reformation & leads to the **FOURTH REVIVAL**.
- e. Unfortunately, although the revival is real & life-changing for those genuinely touched by its power, it proves to be superficial. Pagan values have become deeply entrenched.

- a. [Pharaoh Neco proceeds to Assyria's aid & is held off by the Babylonians at Carchemish.](#)
- b. Neco's next option is to secure as much of the Levantine "land bridge" as possible as a buffer against the Babylonians. This results, in part, in the deposition & deportation of Jehoahaz.

2. Spiritual scene. No details are given of Jehoahaz' very brief reign except to say that "he did evil in the sight of the LORD, according to all that his fathers had done."

  - b. Babylonians defeat the Assyrian coalition at Carchemish in 605, thus establishing Babylonian supremacy within 20 years of the liberation of the city of Babylon. Neco has to pull back Hamath but is pursued to the Orontes where the Egyptian army is decimated.
  - c. Babylonia expands into the Levant, thus gaining control of the lucrative international trade routes which had been held temporarily by the locals.
  - d. Nabopolassar dies in 605, forcing crown prince Nebuchadnezzar (605-562) to return immediately to Babylon to assume the throne.
  - e. Beginning in 604, Nebuchadnezzar leads military expeditions virtually on an annual basis. For a short time, Babylonia resumes role as world-power in the N.
  - f. In 601 Nebuchadnezzar almost succeeds in invading Egypt, but Saites holds on to Land Bridge.
2. Domestic scene.
  - a. Jehoiakim is installed as vassal to Neco II.
  - b. The economy is put under tremendous strain because of:
    - (1) the heavy tribute exacted by Egypt which Jehoiakim raises through high property taxes (2Kgs 23:35), &
    - (2) lavish personal projects for which he uses corvee labor (Jer 22:13-17).
  - c. [Nebuchadnezzar besieges Jerusalem in 605 & takes the first wave of captives, including members of royalty & nobility](#), including Daniel, as well as laborers.
  - d. Habakkuk complains of endemic wickedness & violence accompanied by perverted justice.
  - e. Jehoiakim is made a vassal to Babylonia & submits for three years but then he revolts.
  - f. Jehoiakim appears to have been assassinated during the siege of Jerusalem in 598 (Jer 22:18; 36:30).
3. Spiritual situation.
  - a. The revival & reforms of Josiah quickly relapse into the previous paganism & syncretism.
  - b. True prophets are severely persecuted.

2. In Babylon, Jehoiachin is well-treated as a royal captive, & when Nebuchadnezzar dies, his successor

allowed Jehoiachin to live in the palace.

  - b. Greek colonies continue to develop in Egypt.
2. Domestic scene
  - a. Zedekiah is enthroned by Nebuchadnezzar as his vassal.
  - b. Whether due to his being vassal or to his weakness of character, or both, Zedekiah does not seem to have been highly regarded. Jeremiah & Ezekiel both seem not to regard him as a proper or legitimate king ([Jer 24:29](#); [Ezek 11:14-21](#)).
  - c. Contrary to prophetic injunctions, & encouraged by growing anti-Babylonian sentiments among the Levantine states, Zedekiah clandestinely prepares for war against Babylonia & turns to Egypt for support in revolting against Babylonia in 589. Nebuchadnezzar responds in 588, laying siege against Jerusalem for a year & a half, which is lifted only briefly due to Egyptian intervention.
